School Year Immunization Request

Dear Parent/Guardian

Date:

Required Immunizations for School Attendance for:

(Student’s Name)

New York State Public Health Law, Section 2164 requires that schools will not permit a child to attend school unless the parent provides the school with a certificate of immunization or proof from a physician, nurse practitioner or physician’s assistant that the child is in the process of receiving the required immunizations. A complete listing of the State’s immunization requirements may be found on the Department of Health website in both English and Spanish.

Your child needs these immunizations for school entry:

Your child will not be permitted to attend school without the necessary immunizations.

A record of your child’s immunizations from your health care provider, health department, or official copy of the immunization record from the child’s previous school (a copy of the original immunization record from the healthcare provider – not a copy of the school health record) is acceptable. A NYSIIS/NYCIR record is also acceptable. The exact date each immunization was given must be included in the record.

The required immunizations can be obtained from your family health care provider or your county health department at:

Bring the immunization record to the School Health Office where it will be copied and returned to you if you wish.

If you have questions or concerns about immunizations, please contact the school health staff.
